

JCC Maccabi Games®

The David Posnack Jewish Community Center has formed a delegation of teen athletes from Broward County to participate in the JCC Maccabi Games®. The delegation of 150 athletes will attend The Games in Austin, TX or Orange County, CA during summer 2013. Approximately 3,500 Jewish youth will participate in this event at various sites this summer. The games are very similar to the Olympics. They include Opening and Closing Ceremonies, the actual games, and social activities with delegations from all over the United States, Canada, Mexico, Great Britain and Israel. The teens also spend time discovering their Jewish identity and participating in a "JCC Cares®" community service project, where they give back to the host community.

The JCC Maccabi Games® contribute to the health and well-being of Jewish youth, foster a deep appreciation for their heritage and encourage support for and strong identification with the State of Israel.

The goals and objectives of the JCC Maccabi Games® are:

- To provide a structure for Jewish youth to participate in athletic, cultural and social activities.
- To provide an opportunity for Jewish youth to meet in an environment that promotes mutual respect and sportsmanship.
- To help Jewish organizations develop ongoing Jewish educational programs for young people.
