

JCC MACCABI GAMES® & ARTSFEST®

SPONSORSHIP OPPORTUNITIES

The David Posnack Jewish Community Center has formed a delegation of teen athletes from Broward County to participate in the JCC Maccabi Games® & ArtsFest®. The delegation of 100 athletes will attend the Games in Detroit, MI during summer 2019. Approximately 2,500 Jewish youth will participate in the event this summer.

The games are similar to the Olympics. They include Opening and Closing Ceremonies, the actual games, and social activities with delegations from all over the United States, Canada, Mexico, Great Britain and Israel.

The teens also spend time discovering their Jewish identity and participate in a "JCC Cares®" community service project, where they give back to the host community. This program contributes to the health and well-being of Jewish youth, fosters a deep appreciation for their heritage and encourages support for and strong identification with the State of Israel.

The goals and objectives of the JCC Maccabi Games® & ArtsFest® are:

- To provide a structure for Jewish youth to participate in athletic, cultural and social activities.
- To provide an opportunity for Jewish youth to meet in an environment that promotes mutual respect and sportsmanship.
- To help Jewish organizations develop ongoing Jewish educational programs for young people.

Thank you for your support,

Spencer Linden
