

Cell Phone/Electronic Games Policy

Possession of wireless communication devices such as cell phones, camera phones and electronic games is strongly discouraged. In an emergency our camp staff can communicate with parents.

Under no circumstances may a camper take photos of any camp activity or other campers. Taking, possessing, displaying, distributing or transmitting photos and/or videos will result in confiscation of the electronic devices and photos. Additional consequences may result, including suspension after a first offense (without refund), if photos are in any way pornographic, obscene or show the breaking of camp rules or laws.

Making phone calls and/or receiving or sending text messages may not take place during any scheduled camp activity including lunch. Violations may lead to confiscation of cell phones/electronic devices, and other disciplinary actions may be taken. The David Posnack JCC will not be held liable for electronic items (including but not limited to cameras, cell phones or iPads) that are prohibited, lost, stolen or confiscated due to policy violations.

I have read the above policy and agree to the statements therein:

Camper's Name

Parent's Name and Signature

Date
